

LiftSystem™

by
Kondator

The LiftSystem is an integral design creating a more humane working environment around the computer, without reducing functionality or performance. Each function is a flexible unit easy to assemble, giving a system unique in its market !

LiftSystem is a concept based on several patents and registered designs !

Track mounted on desk distances.

Adopted slider with nylon bearings, guarantee stable and frictionless movements.

KONDATOR LIFTSYSTEM™

CPU Holder LiftFlex

Ensures easy access for both horizontally and vertically installed PC's. Adjustable support with a turnable handle and a fitted track for stability and ease of movement. The construction is patented to be very secure when assembled. May also be fitted with Multi-module for lateral assembly, add on a LiftSopi WasteSac, Wastepaper Bin och Shelf.

An unlocking mechanism makes it easy to remove.

Data

LIFTFLEX

Desktop distance: 22-50 mm

Belt circumference: 1500 mm

LiftSystem track included, 400 mm

427-CS27 LiftFlex, silver

Accessories:

427-WA27 Multi-module, silver

430-SOPI Waste Sac, 25 x 100 st

430-WA31 Waste Bin, silver

430-WA12 Shelf

427-CS08 Desk distance 65 mm

CPU Holder LiftFix

For permanent assembly under the desk for horizontally and vertically installed PC's. A patented construction with a special strap-lock, giving both an elegant and very secure assembly.

Data

LIFTFIX

Belt circumference: 1500 mm

427-CS17

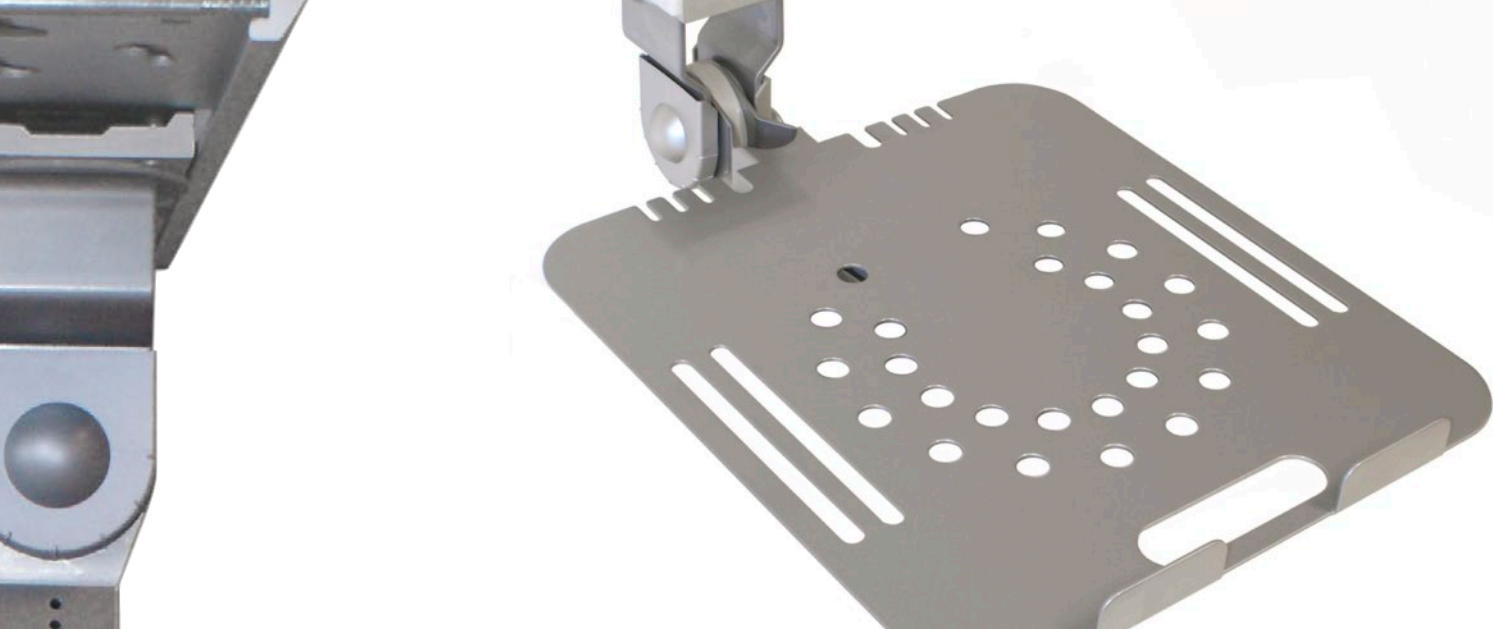

Colour: Silver

Height: 60 mm

427-CS18

Colour: Black

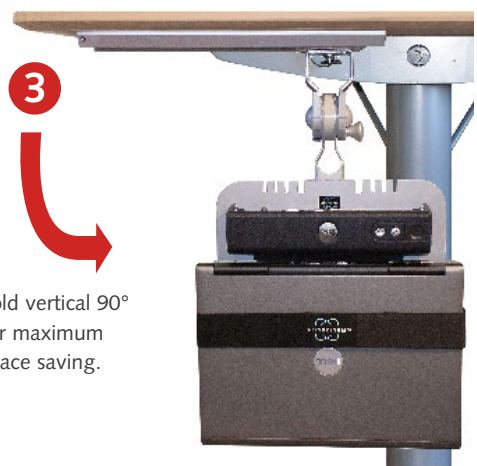

Height: 60 mm

Computer Holder LiftLap

A very flexible, brilliant design that stores your laptop horizontally or vertically under the desk. Rotational 360°, and can be folded vertically 90° for optimal space-saving. LiftLap can even be supplemented with a LiftSystem track (click-in), for drawing out from under the desktop.

A brilliant function for space saving

The right accessories for a “greener workplace”

Add on a Multi-cradle, so that you can hang on Sopi Waste Sacs or a Waste bin, as seen below.

LiftSopi Waste Sac

LiftLap Multi-cradle

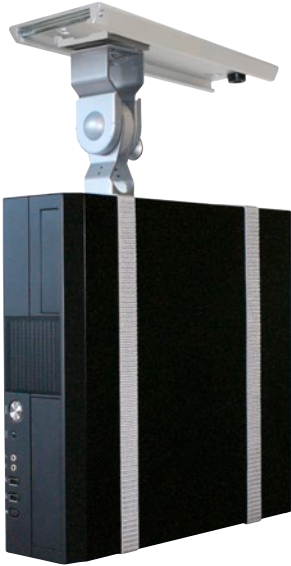

Waste Bin

When you lift the LiftLap horizontally upwards, the Multi-cradle becomes a Waste bin or a Sopi Waste Sac in the vertical position.

Available in black, white and silver.

LiftLap is also suitable for medium-sized computers giving you two functions in one in the same holder. You therefore avoid unnecessary costs if you change to another type of computer in the future.

LiftSopi with extra Waste Bin.

LiftSopi with extra shelf mounted.

LiftSopi available in silver, white and black version.

Cable Management LiftPipe

Elegant design with a convex front, that fits all types of desks and environments. A genuinely smart construction easy to assemble with central attachment. Can be adjusted on three levels with a lock without using tools. The lock also makes it easy to remove in order to reach cables etc. on the floor. Two cutouts in the rear allows for easy cabling. LiftPipe is available in three different lengths.

LiftPipe is available in lengths; 650 mm, 1050 mm and 1450 mm.
Note. LiftPipe 429-PI03 includes 2 brackets.

Simple as that !

Cables and sockets are placed in the tray on the floor. Lift the tray up to the desired level in the "click-in" bracket. The opposite action will release the tray quickly in a second. LiftPipe is a registered design.
